

## YOU HAVE THE POWER TO *inspire* VIRTUE

We now have a generation of young people who are not only being taught to rebel against their Creator; they are being indoctrinated in our nation's public education system to redefine freedom as the ability to live any way they choose without consequences.

Millions of young people are attempting to navigate the stormy seas of life with no rudder, no anchor, no compass to guide them, and are wondering why they end up shipwrecked.

**Radical sex education attempts to change moral codes to match behavior rather than change behavior to fit a fixed moral code.**

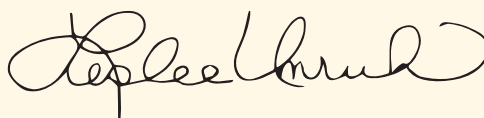

At its core, the agenda of radical sex education promotes using graphic material and explicit language to teach highly sexualized content from kindergarten through high school.

**Abstinence Clearinghouse is at the forefront of fighting against moral anarchy on behalf of America's children.** The heart of our mission is coming alongside parents as the primary sex educators of their children. Parents need to be equipped sooner so they can be the first, and most trusted, source for conversations surrounding sexuality.

Join us in the battle against progressive ideologies attempting to demoralize our youth. Your partnership continues providing age-appropriate resources, hosting parent-teen purity events and advocating on behalf of youth across our nation. A gift of \$500, \$250, \$100 or any amount impacts the next generation by empowering parents to promote virtue and purity in the lives of their children.

## IMPACT THE GENERATION OF TOMORROW

Abstinence Clearinghouse believes that it is important to educate and empower young people to make healthy, virtuous choices regarding purity and abstinence until marriage. That is why we host parent-teen events such as the Knight to Remember for mother figures and sons ages 12-18 and the Purity Ball for father figures and daughters ages 12-18.

*"The Knight to Remember was a wonderful evening for my son to be uniquely challenged in the area of purity. The event empowered me as a mother to have conversations about sexual integrity, heart issues, grace and forgiveness with my son. Thank you for hosting a great mother-son date night encouraging us to be a clean, ready vessel for the Father's use." – Kim, Knight to Remember Attendee*

At Abstinence Clearinghouse, we are encouraged by messages like this from parents seeking tools to help them teach their children. Thank you for impacting the generation of tomorrow through your generous support.
